### The Usual Number of Crimes Reported

Tillman Is Indicted for Murder—  
Mud Larks at Memphis Derby.

HOWARD CASE WAS PASSED

### KILLING IN PULASKI.

Barron Fork, April 7—While a crowd of men were sitting in a tippling house kept by William Suddins, four miles from here, there was a free for all fight. John King was killed instantly, shot through heart. John Gore was mortally wounded, and only lived 24 hours. A man named Hyden did the shooting and surrendered.

### GROOMED FOR CONGRESS.

Loisville, April 7—W. C. Owens, formerly a Democratic congressman from the Ashland district, is being groomed for the Republican nomination for congress in this district. Owens was urged to make the race for criminal judge or attorney general, but declined preferring to be a candidate for congress.

### A MOTHER'S CRIME.

Birmingham, Ala., April 7—Mrs. Susie McMillan gave her eight month's old baby a large dose of carbolic acid and committed suicide by shooting herself twice in the breast. She was found on the floor of her room by her husband when he came home for supper. No motive is known.

### STOCKMAN MURDERED.

Denver, Colo., April 7—Joseph Mehan, a wealthy stockman, was murdered from ambush near Akron, Colo.

### JOURNALIST DEAD.

New York, April 7—William P. Heidau, a leading journalist and politician, died suddenly at Albany, N. Y.

### A FAMILY QUARREL.

Pittsburg, April 7—Ramsey Webster was shot to death and Town Marshal J. M. Bishop was fatally stabbed, during a family quarrel at Girard, Ga.

### PROMINENT MAN ILL.

Mayfield, Ky., April 7—H. S. Wright, a prominent business man and perhaps the wealthiest man in the county, is ill at his home of catarrhal pneumonia and is not expected to live.

### TILLMAN INDICTED

FOR MURDER.

Columbia, S.C., April 7—The grand jury has returned a true bill charging wilful murder against former Lieutenant Governor Tillman.

### STEAMBOAT ENGINEER KILLED.

Rowling Green, April 7—Millard Conway, engineer of the steamer Mystic, was killed at Glenmore, this country, by being caught in the machinery and ground to death.

### HOWARD CASE PASSED.

Frankfort, April 7—The Howard case was called and passed until Wednesday. He will not ask a change of venue.

### MUD TRUCK.

Memphis, Tenn., April 7—The derby will be decided over a course deep in mud this afternoon. At midnight a steady downpour of rain set in, and at 10 o'clock this morning there has been no cessation. Rightful, belonging to Jno Schorr, is a red hot favorite.

### KILLING ON WHITE RIVER.

West Liberty, Ky., April 7—On White river Sam Tracy killed Logan Elam, and Sidney Elam, his son, killed Tracy. They were neighbors and closely related. The cause is not known.

### CANDIDATES PAYING UP.

Frankfort, April 7—The following candidates have paid up: Beckham, Hendrick, Thorne, Renick, Hays, Haiger, Boworth, Griffith, Richardson, McCheeney, Watkins, Sugg, Hodger, Vreeland, Greene and Chin.

STOLEN BICYCLE

OFFICERS FIND ONE IN POSSESSION OF NEGROES.

A. J. Hogan of South Second street yesterday had his bicycle stolen, and the loss was reported to the police. This morning Officers Horley and Hesler saw a negro riding it. He said he borrowed it from another negro who was then at home asleep, and the officers went after the latter, too. He claimed he was in front of the Greek restaurant yesterday when a negro he had never seen before or since told him he could ride it, and to take good care of it. He rode it off and had been taking good care of it ever since.

The negro gave the names of Buck Woodford and Ed Stanson. They will probably be sent to the penitentiary for telling such a gaudy story, if nothing else.

### SUMMONS SERVED

### PADUCAH LIQUOR CO. MUST APPEAR AT MAYFIELD.

Marshal Crow today received from Mayfield two summonses from the police court there against the Paducah Distilling Co. on a charge of retailing liquor there without a license. The summonses will be answered by some member of the firm here in the near future. Mr. Morris Friedman is at the head of the company.

CHICAGO ELECTION TODAY.

Chicago, April 7—Estimated by Republicans and Democratic campaign managers on the result of today's city election are 97,000 votes apart.

Chairman Carey of the Democratic city committee, declares that Mayor Carter H. Harrison is certain of re-election by 50,000, and Ohnirman Revell of the Republican committee asserts that Greene Stewart, the party candidate, will have a plurality of 47,000. Daniel J. Cruce, the independent Labor candidate, also expressed himself certain of election by about 30,000 plurality.

AT COLUMBUS.

Columbus, O., April 7—Mayor Johnson claims the election of the entire Democratic ticket by from 7,000 to 10,000 and three-quarters of the city council.

AT DETROIT.

Detroit, Mich., April 7—The Republicans of Michigan today elected their state ticket by a majority estimated at midnight at between 35,000 and 40,000.

AT COLUMBUS.

Oklahoma, April 7—Robert H. Jeffreys, Republican, is elected mayor over John N. Hinklo, Democrat, the present incumbent, by about 1,800.

MILITARY ELECTION

THE WHEELER GUARDS SOON TO CHOOSE OFFICERS.

The regular election for officers in the Wheeler Guards will be held on April 16 and Captain James Caldwell is looking forward to quite an interesting election. There are two lieutenants to be elected and all vacancies caused by the election of a minor officer will also be filled at this election.

SEEMS A FIZZLE.

NOTHING HAS YET SHOWN UP IN MAYFIELD.

The Mayfield street fair seems a fizzle, nad as yet no shows have shown up.

Today at noon two young men of Paducah returned from Mayfield, where they had gone expecting to enjoy the fair, but were surprised to see nothing. It is said that the carnival attractions are tied up at Obion, Tenn.

## FURTHER DETAILS

\$100,000 Reported Paid for the Blow Factory.

Mr. Frank Fulton Will Probably Manage the Big Concern.

The Hirnn-Blow stave factory, located near the I. C. passenger depot, has been sold to the Paducah Cooperage Co., the transfer being effective May 1.

Mr. V. J. Blow made a trip to Ohio last week and has just returned, and during his visit completed the plans for the sale. The terms are private, but it is reported \$100,000 was paid for the plant. Mr. Frank Fulton, who was manager for this plant several years ago, will return to Paducah and manage the plant of the Paducah Cooperage Co. The cooperage company recently absorbed the Klifgore factory and is now one of the biggest concerns in the country. Mr. Fulton will be manager of the entire three plants, it is understood.

Mr. Blow is an officer in the cooperative company and also a third owner and will remain here, it is thought, and take some part in the management of the affairs of the company.

## AFTER BECK

Col. Hendrick May Speak at Owensboro Monday.

If the Governor Speaks There Col. Hendrick Will Also.

Col. John K. Hendrick this afternoon announced that in case Gov. Beckham speaks at Owensboro Monday, which it is today understood he will, Col. Hendrick will call off his appointment at Lexington for Monday and instead speak at Owensboro also.

The other two candidates have been patiently awaiting an announcement of Gov. Beckham's list of speaking, and have wanted to get as him for some time. In case the governor visits Owensboro Monday he will likely find Col. Hendrik on hand, and a lively time is promised.

Roy Katterjohn of Notre Dame is here visiting his parents.

### DAILY MARKET LETTER.

Wall Street, New York, April 7—The general trend of the market for the first two hours was upward with occasional setbacks from the high points, but after that heavy selling caused prices to break sharply, closing at nearly the lowest prices of the day, but generally speaking the market shows a great deal of strength and this foreshadows a favorable outcome. Call money is easier with the outlook decidedly better. As the April disbursements are now finding their way back to the banks money is decidedly easier in London, Paris and Berlin. A great deal is made in the press about the "undigested securities" of which many are overhanging the market. Good stocks are being sold to take care of them. Nimblessness is a requisite at present as values may fluctuate violently in the settlement of pending questions. The banks are loaded up to about their full capacity and it is not plain where the relief to come from. A sustained bull market, therefore, does not seem likely.

Steel directors had their meeting day and may possibly issue no new report. J. P. Morgan —

## STORK TIME

to most women is a term of anxiety, serious thought and sweet anticipation.

With the cessation of pain necessary to childbirth, there comes calm nerves, sleep and recuperation.

## MOTHER'S FRIEND

does diminish the pain accompanying maternit. With its aid mothers can and do bring healthy, sweet dispositions and ideal babies into the world.

Morning sickness, sore breasts and excruciating pains caused by the gradually expanding organs, are relieved by this penetrating and relaxing liniment.

Among the manifold aids to childbirth Mother's Friend has grown in popularity and gained a prestige among rich women as well as poor; it is found and welcomed in the mansion as well as in the cabin.

By lessening the mother's agony of mind and diminishing a painful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humanity, resembling a blessing ever to you and its country.

## STEAMBOAT CASE

PRELIMINARY PAPERS TAKEN OUT AGAINST THE THOM. AS PARKER.

Yesterday afternoon Deputy U. S. Marshal George Saunders served preliminary summons on the officers of the steamer Thomas Parker to answer to Commissioner Gardner for a claim brought by Cliff Young, colored, who alleges that the boat owes him \$4.06. The evidence in the case was partially heard and left open until April 21.

## WALKS WITHOUT CRUTCHES.

I was much afflicted with sciatica, writes Ed C. Nind, Iowaville, Sedgewick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me, I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1 at DnBois, Kolb & Co.

## CARS RUNNING.

CALDWELL STREET BRIDGE PARTIALLY REPAIRED.

The new bridge on Caldwell street, where the fill collapsed over a week ago and suspended travel over the fill, has been sufficiently completed to enable cars to pass over it, and cars are now running regularly for the first time in over a week. The bridge, however, is not entirely finished, and will not be for several days.

## HERBINE CURES

Fever and ague. A dose will usually stop a chill, a continuance always cures. Mrs. Wm. M. Strong, Middlethian, Texas, May 81, writes: "We have used Herbine in our family for eight years, and found it the best medicine we have ever used, for la grippe, bilious fever, and malaria." 50c at DnBois, Kolb & Co.

## WAS LONG DRAWN OUT

Council in Session Over Five Hours Last Night.

A Number of Important Matters Brought Up and Acted On.

## PROCEEDINGS OF THE MEETING

The councilmanic board met last night with all members present and all with more or less to say. The session lasted until nearly midnight.

A resolution from the board of health asking that former Congressman Wheeler be employed to assist Solicitor Weston in representing the city in the R. C. Calhoun damage suit against the city for \$2500, was presented by Mayor Yeiser but the board declined to employ anyone to assist the solicitor.

Appraisers were ordered appointed to value property held by Mrs. J. G. Fisher and Mr. F. M. Fisher, who claim that the property is not worth the amount that it will cost for street improvements to be made.

The matter of retarding a young man named Ross the money he paid as a license to sell hamburger steaks was referred. He was put out of business by the police because of the odor.

The electric supply contract amounting to \$2,115 given to the Fort Wayne company, was ratified.

Chairman Fowler, of the finance committee, presented a report showing \$11,987.70 on hand March 1; collected during the month, \$5,054.08; disburse, \$7,608.80; on hand now, \$9,439.69. The report was received and filed.

Bills amounting to \$12,513.62 were allowed.

Marshal Crow was allowed \$300 as four months' regular salary and \$407.45 commissions due him. Prosecuting Attorney Gilbert was allowed \$556.90 less \$73.80 as back commissions due while the suit was pending.

The monthly report of the wharfmaster and back tax collector was received and filed, the former showing collections of \$53 during March and the latter \$106.53.

The report of Marshal Collins showing \$2,429.62 collected from December 10 to March 24, was received and filed.

Authority was given the mayor to borrow money necessary to run the city during April and May, as there are no city funds and taxes are not yet due.

Action was deferred on the ordinance giving the storm heating people right to cross Fifth street at Broadway, which the company has already done.

The street originally designated was Fourth street, but the company asked to change it to Fifth street and proceeded with the work there, but it is now reported intends to go down Fourth street, also. The council declined to pass the ordinance.

The ordinance giving the Illinois Central railroad permission to run a spur track down Myers street on six feet of private property was passed, those voting against it being Fowler, Brooks, Jackson, Potter and Taylor.

The ordinance requiring persons who go on any kind of city bonds to certify that they are financially qualified to become sureties was passed.

The ordinance increasing the fire department to twelve men, a chief and eleven others, nine to receive \$50 and two \$60 a month, was tabled.

An ordinance was given first passage providing for the improvement of Fourteenth street between Broadway and Monroe.

First passage was given an ordinance providing for the condemnation of enough property to open Husband's from Third to Fourth streets.

An ordinance repealing the provision requiring merchants to pay a license based on the number of clerks employed was lost. It provided an entirely new schedule, and only Hummel and Johnson supported it.

The ordinance authorizing condemnation proceedings for Clark street property of the Illinois Central decided in opening the street was held up as the auditor did not certify that there was enough money in the treasury to pay for the property after it is condemned.

The ordinance providing for the condemnation of the river front property, however, was passed.

An ordinance providing that the police shall perform the duties of sanitary officers was killed, receiving only the votes of Hummel and Jackson.

Pleasant to the taste—contains nothing which can harm the most delicate organism. Physicians will testify to the truth of this statement. See page 21 of our book of "Proofs." Write for it today.

Mr. Alie Jackson, of Farmer City, Ill., writes: "My seven months old baby was troubled a great deal with his stomach and bowels. I had tried numerous remedies with no good results, until the baby took much fresh, and was in poor health. I then gave Dr. Caldwell's Syrup Pepsin, one-half a bottle at a time, and the condition of the baby according to directions, after which there was a decided improvement in his condition. Have been giving him Syrup Pepsin for about a month, and with satisfactory results, his stomach and bowels being in full health condition and his former weight regained."

Your Money Back  
If It Doesn't Benefit You

PEPSIN SYRUP CO., Monticello, Ill.

An ordinance was passed increasing the salary of health officer from \$250 to \$600 per year.

No action was taken on the resolution requiring that the redistricting ordinance be published for a certain number of days.

An ordinance to condemn property needed for opening Fountain avenue from Broadway over to the Wheeler property was deferred, as the auditor did not endorse the statement that there is money enough to pay the appraised value of the property.

Fire Chief Wool reported that he loaned by order of the mayor \$600 feet of hose to the marine ways people, and they burst 300 feet of it. Referred for investigation.

The public improvement committee was authorized to have a new floor placed in Central fire station.

The water company, which reported it had finished the Caldwell street extension, was ordered to extend its main on Clemente street between Meyers and Short street.

The dedication of property for street purposes from Dr. Lillard Sanders, between Ninth and Tenth andachman streets was accepted by the city.

Also the dedication of an alley back of the Washington school on Broadway, between Twelfth and Thirteenth street.

The mayor was ordered to sell some superfluous surbrng.

The saloon license of A. Denker at 1038 Broadway, was transferred to E. McKinney, and that of H. P. Nunn, at Fourth and Court to W. M. Law, and that of Roberts & Stead, at 111 South Third to Roberts & Peacher.

A colored man named Singleton was refused a saloon license at Eleventh and Washington streets.

City Engineer Washington stated in regard to the allegation that the Standard Oil company had fenced in some city property, he had learned on investigation that the city held no deeds of dedication to the property, and consequently had nothing to do with it, as it still belongs to the property owners.

The question of unawful quantities of oil being stored in the Standard Oil company's yard was referred to the fire committee for immediate action.

The city offered a vote of thanks to the Illinois Central for loaning the city its engine and ropes for driving piling at the Caldwell street bridge.

The city solicitor reported that the decision in the Crow-Gilbert case did not affect Captain Wm. E. Angasta's case, and that he could not be restored to his former position as assistant fire chief under the decision. Ratified.

The solicitor reported that the ordinance taxing the telegraph company \$25 a year was passed against his advice, and after he had told the council that the city could not collect it, and that he did not know of any defense that could be made in the company's injunction suit against the city. No action was taken.

The bill of Berry and Reed of \$300 for services in the Crow suit was presented and referred to the city solicitor. An effort is being made to have

the ordinance providing for the condemnation of the river front property, however, was passed.

An ordinance providing that the police shall perform the duties of sanitary officers was killed, receiving only the votes of Hummel and Jackson.

the city pay this bill.

Mr. L. A. Lagomarsino was given permission to erect a glass awning at Second and Broadway.

A communication from Mr. L. S. DuBois agreeing to fill in a declivity beyond Fountain avenue if the city will put down 18-inch drain pipe, was referred to the street committee and city engineer.

E. W. Berry was given permission to place a new smoke consumer he has patented on the electric light plant stack, for trial.

The matter of purchasing park for a walk on Nineteenth street from Tennessee to Adams was referred. The residents agree to lay it.

A committee was appointed to set a price on a portion of pest house property in order that it may be sold.

The question of selling Mr. W. E. Cochran for \$800 a city lot on Clay beyond Teuth was referred.

The board then adjourned.

## A CARD.

The cheerful Givers' Charity club, colored, met at Mrs. C. G. Burton's on South Ninth street last Thursday evening and was visited by two of the most eminent white women of Paducah, Mrs. James Campbell and Mrs. Frank Barnard. Their interactions were well worth our attention, for we have entered upon a work that is new to us, and to have these noble women come in our midst makes us think that God gives us good friends.

We are preparing for a rnmage sale to help raise funds to pay on our home for the Friendless, and we ask everybody to give us something, old or new, that we can sell for a penny or more. Our committee will be to call on you, and if they chance not to get around to you, please phone us and we will send. Phone 1121.

Who will help us? Who will give us the ground? With the money we have in view we can build next month.

Now to our colored friends individually: Since a few of us have organized in a body to help our race and have pledged ourselves to give so much a week to support this work, and many of our white friends have pledged themselves also, will you sign the pledge when presented to you? Will you that are tattling and speaking wrong things of us cease that and spend your breath in a way that will help to elevate this Afro-American race? Come and help us drive the wolf from our neighbor's door. Don't depend upon the city hall altogether, and the poor house; if you do you will suck your paws a lots of times. Visit our meetings. We meet every Thursday evening from 7 to 8 p. m. at 622 South Ninth street. Now if you won't help don't influence others not to, as some have done already. Some of you who are talking are influential people and your influence in the wrong way will cause others to think that we are pursuing the wrong course.

We thank the churches and lodges for the assistance they have already rendered and ask of them their continual support.

C. G. BURTON, Pres.  
K. C. GOODLOE, Secy.

## WEATHER BULLETIN.

Washington, D. C., April 7—Last bulletin gave forecasts of disturbance to cross continent April 5 to 9, warm wave 4 to 8, cool wave 7 to 11.

Next disturbance will reach Pacific coast about April 11, cross west of Rockies by close of 11, great central valleys 12 to 14, Eastern states 15.

Warm wave will cross west of Rockies about April 10, great central valleys 12, Eastern states 14. Cool wave will cross west of Rockies about April 18, great central valleys 15, Eastern states 17.

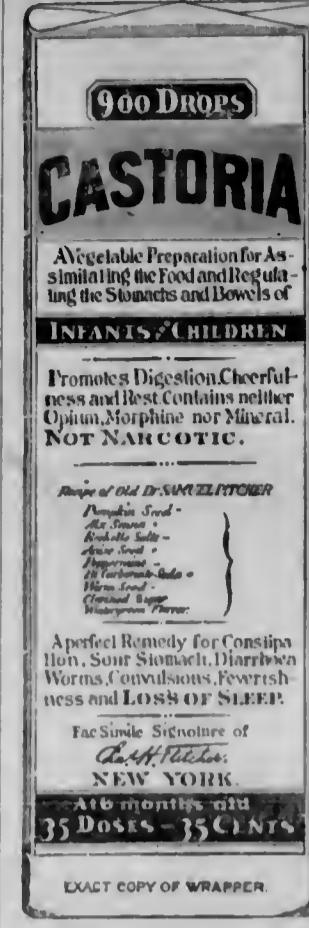

This disturbance will belong to a high temperature period and will bring unusually warm weather, but it will be at the close of that warm period and will be followed by a great fall in temperature amounting to a cold wave in northern sections and again carrying the frost line unusually far south.

Rainfall during this disturbance will largely increase over that of the week previous.

## BEAUTY AND STRENGTH!

Are desirable. You are strong and vigorous, when your blood is pure. Many—most—women, fail to properly digest their food, and so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion depart. Remedy this unpleasant evil by eating nourishing food and taking a small dose of Herbine after each meal to digest what you have eaten.

Special Agent W. T. Dinnan of the I. C. passed through the city this morning en route east from the south.

## FACE BLEACH FOR COMPLEXION

I WILL SEND FREE TRIAL BOTTLE OF MY FACE BLEACH TO ANY LADY SENDING NAME AND ADD. E. RUPPERT, 6 E 14TH ST., New York City

How to Obtain a Lovely COMPLEXION Clear and Beautiful

It is every woman's duty to be as youthful and good looking as possible, and there is nothing which adds more beauty than a lovely complexion, and there is no remedy which will restore the complexion and give one that youthful appearance like Mme. A. Ruppert's World Renowned Face Bleach. This grand remedy clears the skin of every discoloration and impurity, including pimples, freckles, moth patches, brown spots, liver marks, comedones, flesh-worms, blackheads, oiliness, sallowness, mudlines and skin diseases. It accomplishes these wonderful effects by drawing the impurities and discolorations to the surface of the skin and then removing these blemishes by gradually scaling off a slight surface of the outer skin. It does this in so natural a manner as to be entirely harmless to the most delicate complexion, and having this action, it cannot fail to produce excellent effects.

Most marvelous results are obtained when Face Bleach is used according to my new special directions in conjunction with my

## A TRAVELING MAN'S ESTIMATE OF US

A gentleman who recently came to Paducah, and is now in every town of size in the state, and many in the United States, writes the following to The Sun with a hope that the people here will learn to see our city as others see it:

To The Sun:

May I have a little space to express my views of your city? I do not know your politics, nor your attitude toward the city officials, whether with them or against them; nor do I intend to criticize them, but I do wish to say, as an observing outsider, "there is something rotten in Denmark."

Paducah is practically the keystone to the Ohio river; a city of 25,000 inhabitants, I am told; yet put a stranger in here for the first time and he is impressed at once with the lack of earnest enterprise and the pride one should have for a city of this size.

Again, if the writer mistakes not, the postal regulations require that the names of streets be posted on the corners; that the houses be numbered. It is not done here, and the numbering of residences is and is not done. Some are, and some are not. A very few dollars would remedy this. Hint alas,

AN OBSERVER.

### DOCTORS TO GATHER

DR. GRIFFITH WILL ENTERTAIN THE MEDICAL SOCIETY TOMORROW.

The County Medical society will meet tomorrow night with Dr. B. B. Griffith, who will deliver a lecture on some subject to be selected today.

Of late the physicians have not been reading papers, as has been the usual custom, but have been lecturing, the same as is done in the colleges. Nothing of importance is on the program for tomorrow, but a large attendance is expected.

JOHN BROWN'S

COTTAGE DESTROYED.

Tabor, Ia., April 7.—The small cottage in which old John Brown, the abolitionist, lived for several years in the 50's, and which was used as headquarters of his underground railroad for the helping of runaway slaves, was destroyed.

In connection with his headquarters in Tabor Brown organized a military school in which sympathizers with Brown were taught the manual of arms, which knowledge was to be used in an uprising which never occurred. From this building Brown directed his companions in running away slaves, who were taken through various resting places, traveling at night only, to the Canadian border and freed. The building was one of the show places of the town, although small and tumble down.

## WITH THE APRIL MAGAZINES.

Of high importance among the magazine articles of the month is "The Restoration of the White House," written for the April Century by Charles Moore, clerk of the Senate committee on the District of Columbia, whose accounts of "The Improvement of Washington City" appeared in The Century for February and March last year. In illustrating the article The Century has employed its best illustrative resources. The exterior drawings by Jules Gérin and the interior by Alfred Breanen, bring out the intention of the architects to a remarkable degree. The frontispiece of the number is a picture by Jules Gérin of the new East Entrance on the occasion of an evening reception. Mr. Breanen has made, among other pictures, double drawings of the new state dining room and of the new blue room. Miss Cecilia Beaux's portrait of Mrs. Roosevelt (with her daughter Ethel) is published for the first time. Ray Stannard Baker follows up his general view of the Great Northwest in the March Century with detailed description in the April number of "Butte City, greatest of copper camps." "The Evolution of American Census Taking" is discussed in the April Century by no less an authority than the director of the census himself, the Honorable W. R. Merriam. In the same issue Hermann Klein, for thirty years a prominent musical critic in London, gives personal recollections of Verdi, Wagner, Gounod, Liszt, and Tschaikowsky. There is also a review of "The Great Instances Combinations of Today" series, J. D. Kolley, commander of the United States Navy, telling the story of "The So-called Steamship Trust." "A Picturesque Politician of Jefferson's Time," by J. Fairfax McLaughlin, recounts incidents in the life of Colonel Matthew Lyon. Fiction in the April Century is, as usual, varied to suit all tastes.

The April Cosmopolitan is a carefully balanced magazine. It appeals to the individual tastes of the many, and the many tastes of the individual. There are 17 stories and articles—101 pictures. Chief place is given to a striking article on "The Americanization of Europe." "The Quick Decision Bear," by Grace Richmond. "Who Was Her Keeper?" by Mary A. Noon, gives the only touch of sadness to the number. Mr. Pier's excellent serial, "The Triumph," continues, and Miss Tarbell writes one of the most eventful chapters of Standard

Oil History, which she calls "The Defense of the Pennsylvania." There is some excellent verse.

Lippincott's Magazine has won a reputation for its monthly novels. That in the April number, "The Trifler," is written by Archibald Eyre, an English author of rising fame. The tale bearing on the great Coal Strike by Edith Robinson called "An Involuntary Benefactor; a lovely nature story by Dr. Charles C. Abbott, "A Fresh" on the Mo'ish;" Florence King-Hoffman's amusing tale of "A Loosy Strategem;" "Hickey of Old Thirteen," by John Austin Schett; a laughable story by Elliott Flower called "A Flaneur in Triplicate" compose the shorter fiction. Much information timed exactly to the planting season is to be found in a paper by Eben E. Rexford on "Next Summer's Garden." "Lafayette's Last Visit to America," by Theodore Stanton, contains matter that is new and interesting in heretofore unpublished letters from George Washington Lafayette, son of the Marquis.

The April Story Book is particularly unique. The publishers have made a departure in their cover design and have scored something in the classic line by an artist of note. The color effect is particularly striking. The list of authors this month is of the usual high class. General Charles King leads with a story under the taking title of "When She Was Twenty-Two." "A Practical Lover's Corpse" is a reply to a remarkable clever story by Stanley Waterloo. Hayden Carruth's story, "My Eclectic Friend" is one of the best things of the month. Another story, "A Passion in Mid-ocean" by Prof. Sherwin Cody deserves special mention. The masterpiece this month is that wonderful tale of horror, Edgar Allan Poe's "Black Cat."

There are other stories of merit by W. Galver Moore, prize story by Lawrence Henry, Henry S. Gibson and Paul Powell.

Conkey's Home Journal gives its readers another pleasing surprise by another increase in the number of pages, eight more being added in the April issue. The April number opens with five good short stories, which are followed by "Widow and Veranda Boxes," by Eben E. Rexford; "How to Care for Canaries," by Marguerite

B. Arnold; "How a Woman May Become a Leader," by Laura A. Smith; "Entertaining in a Simple Way," by Katherine Prindiville; "Original Designs for Waists," by Genevieve Long; "Practical Lessons in Lace and Embroidery Making," by Grace Bishop; "Lessons in Home Dressmaking," by May Manton; "Dawn of Love Waltz," for piano, by A. A. Ford; "Piano Playing," by Dr. M. L. Quinn; "Vocal Training," by Prof. Henry Dickson.

Justus Miles Foreman's story, "Kersalce," with which the April Smart Set opens, is a novelette both strong and distinctive. In it a quaint old Breton legend is made the theme, around which is woven a beautiful love tale, full of exquisite romance. The short stories of the April number surpass even the high standard of fiction which this magazine has established for itself. All are excellent, and it is difficult to select. There is, too, an admirable essay by Douglass Story, entitled, "God's Own Country," in which a beautiful idea is wrought out with that high literary merit which distinguishes Mr. Story's work. The poems are all of more than ordinary worth. The humor of the number, both prose and verse, is excellent and varied.

## MONDAY NIGHTERS.

### OFFICERS ELECTED AT AN ENJOYABLE MEETING LAST NIGHT.

Last night the Monday Nighters, the new social club formed in the Y. M. C. A., held the second meeting. Mr. Fitch, of St. Louis, entertained the twenty-five members present with sleight of hand tricks, and music and games were also features of the meeting. After the social part of the entertainment, refreshments were served. The following committee was appointed to prepare a program for the next meeting, to be held two weeks from yesterday: Messrs. Hanna, Matthies, Hecox, Spillane and Fowell. The election of officers was held last night and Prof. P. N. Peck was elected president and Anderson Woods secretary.

J. ASSAULTED THE OFFICER.

Fulton, Ky., April 7.—Sheriff Dodd, of Weakly county, Tenn., was knocked senseless by a negro prisoner and badly cut. He may die.

## A Story Worth Telling

We never tire of telling the story of **Uneeda Biscuit**. We do not believe that lovers of good, wholesome food ever tire reading it.

**Uneeda Biscuit** are the result of two ideas. That soda crackers could be made better than they had ever been made before. That it was possible to convey them to the home fresh, crisp and clean.

The importance of the soda cracker as an article of daily consumption, made this worthy of extraordinary effort. True, many people laughed at the idea of so much thought—time—labor—capital, being devoted to a soda cracker. But the greatest industries of the greatest country in the world have been developed from smaller things than a soda cracker, and so it seemed worth while to make the best soda cracker that could be made and to place it on the table as good as it had been made.

To do the first required the selection of the best materials, of the best equipment, the highest skill. To do the second upset all traditions. The oldest bakers said there was no way to keep a soda cracker good.

That no one expected it any way. That people were satisfied to eat them stale, as they had been in the habit of doing. And so it fell to the lot of younger minds to do this unheard of thing—to keep a soda cracker good until eaten.

The result was the creation of the In-er-seal Package with red and white seal. An invention that kept out the air, moisture, dust germs, that first retained the natural flavor of the biscuit, keeping it crisp and fresh until it reached the table, and so **Uneeda Biscuit** became a reality. The little thing that seemed hardly worth while became a great thing that seemed hardly possible.

To-day over 300,000,000 packages have been consumed by the thoughtful people of this country and the demand is ever increasing.

That is the story of **Uneeda Biscuit**. Some day we will tell it over again for the benefit of those who are still "satisfied" with the stale and broken crackers that come in a paper bag, when they can get **Uneeda Biscuit** whole, fresh, and clean.

## SPEAKING OF GALL.

Nerve seems characteristic of the present city administration. Some one has had the gall to suggest to the council that the city of Paducah, or to be more exact the taxpayers of Paducah, pay the \$800 attorney fee incurred by Marshal Crow in his recent injunction suit. It is very unfortunate that Marshal Crow should have had to pay out his own money to test a question in the courts for the benefit of others who "wanted to know," but if those who feel a guilty conscience over the transaction think the marshal's bill should be paid by someone else, they should pay it themselves. The effort to have this bill footed by the taxpayers is about as monumental a piece of gall as the effort made by the same crowd not long ago to have Judge Pryor's opinion paid for by the city.

Another piece of gall is that of the official who was recently declared by the highest court in the state to be entitled to discharge the duties and collect the compensation of prosecuting attorney under the third class charter, trying to pose as "city attorney" and discharge the duties of "city attorney." The only "city attorney" Paducah has is the one elected under the third class charter for two years, who is still holding the office and drawing the salary, and is erroneously called the "city solicitor." The gentleman who is now trying to pose as "city attorney" and to exercise the privileges of a city attorney elected under the second class charter, is only "prosecuting attorney," elected under the third class charter, paid under the third class charter, and entitled to discharge only the duties imposed on him by the third class charter.

A story that rivals Colonel Pete Burnett's famous narrative of a vinegar spring near Reelfoot Lake, which went the rounds a few years ago, has just been published in a European paper, and states that a cowboy has found in the Yellowstone Park, United States, immense deposits of "corned beef" which are capable of sustaining the whole world for quite a while. In explanation it says: "Evidently enormous droves of cattle have, during the tricentennial period, been caught by a revolution of the earth and buried by the thrown down masses. The extensive saline deposits in the district preserved and seasoned the meat, the cold of the ice period kept it for milleniums, and under the influence of the immense pressure of the masses of earth and stones it has been transformed into a kind of salt meat, which, as to taste and nutritiveness, is not inferior to corned beef." Joe Mulholland evidently has a successor.

It is hoped that fiscal court will see that McCracken county does her share towards making the Kentucky exhibit a success. At the present meeting the county will be asked to make a donation to the association, and as one of the best counties in the state, and containing the second city of the state in commercial importance, the court should see to it that the right thing is done. Other counties have donated

from \$2,000 down, and if all respond liberally no county will have occasion to feel ashamed of Keatney's exhibit at the St. Louis exposition.

One of the peculiar inconsistencies of the council is how it can pass an ordinance taking steps to condemn 15 or 20 thousand dollars worth of property for the city when there is not a cent in the treasury with which to pay for it, and none appropriated, and then turn around and have to defer ordinances to condemn a small strip of ground for street improvements, because there is no certificate from the auditor that the money to pay for them is in the treasury.

Alabama has learned from the quarterly report of the state convict department that the new system inaugurated in January of working the convicts in the mines under the direct supervision of the state, instead of leasing them out, has increased the earnings of the state one hundred per cent. It is probable the systems will be adopted in many southern states where it is not used at present.

The city has the dust swept from the brick street occasionally during the wet sun's hours. It is left on the side of the street, where the wind blows it back from whence it came, as well as from whence it didn't come, and at daylight it is usually scattered all over both street and sidewalk. It's a system we have in Paducah!

The lies that are daily published by the anti-machine Democratic press of the state are nailed with great regularity. Some of the papers and politicians alleged to have turned against Beckham have promptly denied it. The desperate straits to which the anti's have been reduced shows how easily they will be beaten.

The "outrageous assessment" that was to be required of candidates in the primary for the Democratic nomination for governor has dwindled from \$2,500 to \$833. It wasn't such a bad piece of robbery after all, although it was pretty easy money.

It is charged that the pest house is very filthy and unfit for hogs much less for human beings who are ill. The council may take up the matter, but it will hardly find a committee that cares to go out and make a personal investigation.

It is said that there are many postal clerks drawing larger salaries than congress contemplated, and as a result there may be a considerable reduction. This is only a rumor at present, however.

The daughter of Mrs. Hetty Green, the richest woman in the United States, must be an exceptionally happy girl. She does not want a title.

NEARING COMPLETION—The changes at Hotel Lagomarsino, which have been quite extensive, are nearing completion, and it is possible that Easter dinner will be served in the new dining hall upstairs, although it is not certain. Mr. Lagomarsino will make every effort to be ready by Sunday.

## ALL WRONG.

THE MISTAKE IS MADE BY MANY PADUCAH CITIZENS.

Don't mistake the cause of backache. To be cured you must know the cause.

It is wrong to imagine relief is cure. Backache is kidney ache. You must cure the kidneys.

A Paducah resident tells you how this can be done.

Mrs. Martha Hamilton of 610 Tennessee street, says: "I contracted a cold which settled in my kidneys. It brought on a severe attack of inflammation of the kidneys, and ever afterwards I was subject to pain across the back, although I used every precaution to prevent it. When the attacks were at their height I was prostrated and had to remain in bed for some time. One day I noticed Doan's Kidney Pills advertised for just such conditions as mine. It struck me that they might do me some good so I procured a box at DuBois, Kolb & Co's drug store. They helped me from the start. The dull aching across the small of the back finally disappeared, the pain in my muscles and legs and dizziness which accompanied it left and since I have been only too pleased to tell my friend and acquaintances about the results I obtained from using Doan's Kidney Pills."

## DEED MADE OUT.

Master Commissioner Gip Hards has made out to Mr. F. K. Fisher a deed to the Johnson Foundry furnace property, which Mr. Fisher brought for \$2,800 some time ago. When he went to sell it to the Paducah Farm Bureau company recently, he learned that the master commissioner had neglected to make out the deed, and the commissioner has now attended to it in order that the transfer can be made by Mr. Fisher to the new owners.

## SCHOOL BOARD.

The school board will meet tonight in regular session but nothing of unusual importance is anticipated.

The matter of changing the date of the commencement will be brought up and it is thought that the change will be ordered. The teachers all want the schools to close June 12, the day on which the cards are given out. The commencement will be held on the following Monday unless the change is made, but in the latter case the graduating exercises will be held on Thursday the 11th.

TO ATTEND GOOD ROADS MEETING—Conway Road Supervisor Bert Jobson will probably attend the big good roads convention at St. Louis on the 27th and 28th of April. He received an invitation this morning and said this afternoon that he thought he would arrange to go.

## BACK TO KENTUCKY

Former Officer Tom Orr and Wife Return From California.

They Did Not Find Things So Pleasant As They Had Anticipated.

Former Police Officer Tom Orr and wife returned last night from California, where they went several weeks ago to locate. Mr. Orr says that he is glad to get back to Kentucky and Paducah, and intends to stay here if the people will let him.

California is a great country, but it is being overflowed with people from everywhere, many of whom go there under a false impression. Mr. Orr says that there are doubtless scores of men and women there now unable to get work or get back east. He met one man from Princeton, Ky., who said he would come back home if he had the money, but didn't have it.

Many of the people desiring a change of location are induced to go there at a season when everything is at its best and are shown by some of the land sharks how they can buy valuable orange groves for a moderate cash payment and the balance on time, and soon pay for it. They invest all their money and a bad fruit year or two prevents their making the payments, and the sharks soon foreclose and recover the land, and leave the unsophisticated citizens without money enough to get back east.

Every train that stops in many of the California cities attracts huge loads of immigrants who have come there to locate, with the result that the country is rapidly becoming overpopulated.

Mr. Orr resigned a good position here on the police force to go west, but he will doubtless have no trouble in getting on again, as he has always been a first class and popular officer.

FOR SALE—A vacant lot on the west side of South Fourth street, in good neighborhood two blocks from N. O. and St. L. depot. A bargain for \$300 cash. See S. A. Hill, care The Sun.

## THE PEST HOUSE

Right of Way Through It Is Desired.

Complaints Made That It Is Shamefully Filthy at Present.

An effort is being made to sell a portion of the city pest house property for a right of way, but it is destined to meet with opposition in the boards. The matter was last night referred to a committee.

According to reports the city should give more attention to the pest house. A nice looking white man who said he was discharged only the day before, after having been confined there eighteen days, called at The Sun office yesterday and said it was a shame for a city to allow the place to be in the condition it is. He said it was actually too filthy for a hog to live in, and that the beds, or rather the bunks that are called beds, would put to shame the worst thing to be found in the most squalid hovel in India.

A member of the council today said that an investigation will be made. That according to his collection the city ordered clean bedding bought not long ago, and that although the pest house is not intended as a fashionable boarding house or anything of the kind, it could at least be kept clean.

## NEW SCHOOLS

Superintendent Ragsdale to Recommend Several.

The Total Cost Will Probably be At least \$2,000.

This spring new school houses will be built in the county and much improvement made in many sections where new houses are wanted but cannot be built.

Superintendent Marvin Ragsdale stated this morning that he had just finished a tour of the county and had recommended new houses at several points. The following are the places where new school houses will possibly be built: McElroy, Florence, Rossington and Sunny Slope. The buildings will cost about \$500 each, making a total of about \$2,000.

**'FROM MISSOURI'**

**BUT PURE FOOD QUICKLY "SHOWED HIM."**

The popular expression, "I'm from Missouri; you've got to show me," means a lot. Among the Missourians who have been "shown" the value of Grape-Nuts food is a man from St. Louis, who says:

"It was during the summer of 1900 that I was taken really ill. For some time previous I had had premonitory signs, occasional headaches, gastric disturbances and a general feeling of debility. These increased until I became alarmed and sought medical advice.

Miss Lucie Turner of Wickliffe is expected Saturday to visit Mrs. Sam Hubbard.

Miss Sadie Slack of Owensboro will arrive Saturday to be the guest of the Misses Paxton of West Jefferson street.

Mr. and Mrs. J. O. Garretson have returned from a visit to Harrisburg, Ill., accompanied by their niece, Miss Maud Kavanaugh, who is their guest.

**Social Notes and About People.**

**EASTER HAT SALE.**

An unique and taking entertainment will be given on Thursday evening in the Epworth League parlors of the Broadway Methodist church. It will be an "Easter Hat Sale," and there will be some delightful and unusual features connected with it. One of the most talented and rising young attorneys in the city will probably act as auctioneer. The entertainment is under the auspices of the Ramsey Society which is noted for its successful affairs. Light refreshments will be served.

**CHARITY CLUB.**

The Charity club will meet tomorrow morning at the Palmer house to transact any standing business and arrange for their final tea. The club practically disbanded April 1 until November, but postponed the business meeting from last Wednesday until this on account of some absent officers.

**D. A. R. MEETING.**

The Daughters of the American Revolution are meeting this afternoon with Mrs. George O. Hart on Jefferson street.

**CHILDREN'S PARTY.**

Mrs. Frank Barnard entertained a number of children last evening at "The Inn." It was a "lemon squeeze" and was quite an enjoyable occasion.

**CHORAL CLUB.**

**MAN AT THE CITY HOSPITAL IS RAPIDLY IMPROVING.**

Frank Brown, the man who was brought here several weeks ago from Hines, Tenn., is doing well at the city hospital and is now able to walk about the building. He still refuses to tell how he got hurt and will say nothing more than he does not remember saying about the occurrence. He claims his home is at Covington, Ky., but has been traveling around for some time. The local authorities have not learned anything further about the man except that he was injured in some way at times or in the near vicinity.

**A NEW ENTERPRISE**

**FOR PADUCAH.**

The Great Pacific Tea and Coffee Co. decides to open a branch in Paducah.

Attracted by the great industrial resources of Paducah and vicinity, the Great Pacific Tea and Coffee Co.—the largest coffee plantation growers in the world—will establish another of its many branch stores at 283 Broadway, under the management of Mr. Sol Lesser, recently from Omaha, Neb.

The Great Pacific operates stores in all the principal cities in the United States and have concluded to add Paducah to their list. 800,000 acres of the finest tea and coffee lands are owned by this immense corporation in Guatemala, Brazil and Central America.

They also control large interests in the tea lands of China and Japan.

The people of Paducah will receive through the Great Pacific Tea and Coffee Co., located here, the very finest grades of tea and coffee at 20 per cent less than they have been paying for inferior goods.

Nothing but first class goods are ever handled by the Great Pacific Tea and Coffee Co. Their motto—"Not How Cheap, But How Good."

This store will be opened on or about April 10. The exact date of opening will be published later.

## NEWS OF THE RIVERS.

Observations taken at 7 a.m. River 27.4 on the gauge, a fall of 1.0 in last 24 hours. Wind north, a light breeze. Weather cloudy and warmer. Temperature 58. Tell, Observer.

The Victor will leave today for Shiloh.

The Wilford is still laying up for repairs.

The Avalon is due from Chattanooga Saturday.

The Joe Fowler is today's packet for Evansville.

The Dick Fowler left on time this morning for Cairo.

The Grace Smith has gone into Tennessee river for fish.

The Lydia is due out of Tennessee river about Saturday.

The Clyde will arrive tomorrow from Tennessee river.

The Michael left yesterday for Mississippi river for timber.

The Rees Lee is due en route to Memphis today or tomorrow.

Another bridge over the Ohio at East Liverpool is now talked of.

The Savannah is due to St. Louis from Tennessee river Wednesday or Thursday.

The Pavonia will leave tomorrow for Cairo with four barges of ties for the steamer Hosmer.

The Diamond Joe line boats have been offered more traffic than they can handle on the upper Mississippi.

Captain Billy Smith yesterday brought up the steamer Thomas Nevins from Cairo and is now her regular pilot.

The Butteroff did not make her trip to Nashville this week but will arrive here Wednesday and leave at noon for Clarksville.

The name of the Hill City has been changed to Corwin H. Spencer. There is not much in a name for the boat has had three, she having started with the City of Monroe.

The railroad steel runs in the river near Hawesville by the steamer J. B. Finley a few weeks ago is being taken from the wrecked barges. Probably all of it will be saved.

The Bowell is at Brookport today pumping out her sunken barges. She will have to raise the fleet before she can make the trip. It is thought that she will be able to go out to Green river by Saturday.

Captain Dan Finney yesterday pulled his boat the Penguin, into his dock barge and raised her out of the water for general repairs. Captain Finney has two such barges and uses them in towing. They hold 10,000 ties each and when he is not using them for towing purposes he uses them in repairing boats. They are made with one end on hinges which can be fastened and the barge sunk. The boat is then towed into the barge and the gate closed again and the water pumped out. He will give the Penguin a general overhauling.

The World's Ideal Health Builder, Does the Blessed Work.

Thousands of prominent Christian ministers, through the use of Paine's Celery Compound, are happily pronouncing their past oral duties and ministering with success to their congregations. deeper sufferings and perils. Today Paine's Celery Compound is the home medicine of all wise and prudent clergymen. A vast number of them owe their lives and present good health to Dr. Phelps' well-known prescription that "makes sick people well."

The Rev. Dr. S. D. A. Fields, Crescent, Oklahoma, says:

"I thank you most sincerely for the marvelous benefits I derived from the use of your Paine's Celery Compound. I can boast of heart trouble banished, my nervousness is gone, my sleep is refreshing, appetite and digestion in splendid condition, and my strength is increasing daily. All this blessed work has been accomplished by your Paine's Celery Compound."

On the Scales**

A great many interesting facts may be discovered with a pair of scales, but it is doubtful if any single fact will be more interesting and valuable to the average woman than the weight of her shoes.

For this tells her the number of ounces that must be lifted thousands of times each day, and a little calculation will show that she lifts tons of shoe leather a day—no small labor in itself.

The "Dorothy Dodd" shoe saves the lifting of more than one and one-half tons every day. A pair of "Dorothy Dodd" shoes are several ounces lighter than ordinary shoes. The feet are just so much more comfortable, and you are so much less tired. Put a pair to the test!

**BASEBALL NEWS**

Work on the Park Timbers Being Pushed.

Manager Jackson Expects to Have His Team by the End of the Week.

Contractor Dossett, who secured the contract for building the baseball bleachers and grand stand for the Paducah baseball association, is working a large force of men sawing the lumber with which he will build the grand stand. The timber after being sawed into the proper lengths, will be taken to the grounds and put up. Mr. Gus Thompson, of the street car company, is working the ground and will have everything in readiness for the big Pittsburgh game by April 30. The grand stand and bleachers also will be finished by that time and this will be the formal opening of the ball park.

Manager Jackson has about twenty men on the sizing and will probably sign his regular team before the week is out. He stated this morning that he intended to secure most of his men from Findley, Ohio, St. Louis and Louisville, but that he would take any player who comes up to the mark no matter where he comes from.

The date for the schedule committee meeting has been fixed for the 15th at Hopkinsville.

The managers of the "Sterling" baseball team desire that a full line-up of their team be published and the following is the lineup furnished by them: Dick B. Shio and Frank Darrel, pitchers; Robert Hayes and Ed Brahe, catchers; Bud Vogt, first base; M. Country, second base; G. Randal, third base; L. Hugg, short stop; Tom McGarigal, left field; G. Johnson, center field; Buck Russell, right field and Holland Young, extra.

**WILL WAIT**

THE HOSPITAL PROJECT GOES OVER UNTIL NOVEMBER.

The new charity hospital bond issue ordinance was not brought up at the council meeting last night as the doctors have now decided that they will wait until November.

"We thought at first that we would fight it out but have decided that we had better wait until the regular election when we know that there will be no hitch. There is so much difference in opinion among the best lawyers that we would not feel safe. We will have a different ordinance prepared and present it to the bonds just before the election in November. Then there can be no hitch."

**SCRAP IN SIGHT**

Prosecuting Attorney Gilbert Makes an Appointment.

News-Democrat May Have to Gracefully Retire as Public Printer.

Prosecuting Attorney Jesse Gilbert stated this morning that he had appointed the Register public printer of Paducah to succeed the News-Democrat, which has had the job for the past year. His appointment, however, has not been reported to either of the boards, but will probably be at some early meeting.

The deposed public printer was not ready to make any statement today when a reporter called and asked "how about it." The official head of the concern said that nothing was said at that office about such an appointment, and nothing could be said in regard to it until something was known about it. It was said, however, that the official printing was still being done at that office.

It is probable that a fight will ensue over the printing. It is claimed that Attorney Gilbert made the appointment as city attorney, when the court of appeals virtually decided that he was prosecuting attorney and was entitled to the compensation paid prosecuting attorneys, which is commissions, while a city attorney, under the second class charter, is paid a salary.

Paducah, some contend, has no city attorney in the meaning of the second class charter, but has a prosecuting attorney and a city attorney, who were both elected under the old charter and receive the pay fixed for those offices, and can discharge the duties and exercise only the prerogatives and authority that became theirs under the old charter. It is probable that the fight will be made along this line.

City Clerk Patterson, however, it is understood, will recognize the Register as public printer, and unless ordered otherwise by higher officials with authority will turn over to it any documents that go to the public printer.

**NOTICE.**

Will Hays vs. Str. City of Memphis, in Admiralty.

Whereas, A libel was filed in the district court of the United States at Paducah, Ky., on the 3rd day of January, 1903, by Will Hays against the steamer City of Memphis, her engines, tackle, apparel, etc., alleging in substance that said steamer was indebted to him in the sum of \$13.10 for services as seaman, and that said steamer is justly indebted to him in said sum, that same has never been paid, and prays process against said steamer, and that it be condemned and sold to pay said claim, with costs and expenses.

Now, therefore, in pursuance to the judgment under seal of said court to me directed, I do hereby give public notice to all persons claiming the said steamer, or in any manner interested therein, that they be and appear in the district court of the United States for the Western district of Kentucky, at Paducah, on or before the 20th day of April, 1903, at 10 o'clock in the forenoon of that day, then and there to interpose their claims and to make their allegations in that behalf.
